Hello, Igor Sudjovski

Why we hold funds for new sellers.

Congrats on your recent sale. When you're a new seller, we hold your received sales for up to 21 days so we can verify your identity and monitor your transactions. This is one way we help to keep **PayPal** safe for sellers and buyers.

Here is what you can do to help get future funds faster.

- **Confirm your account information.**
Add and verify your bank account, debit, or credit card.
- **Increase your sales.**
Process 5 transactions and receive 200,00 USD in sales.
- **Avoid disputes.**
Help avoid disputes for 60 days by communicating clearly with customers and writing detailed product descriptions.

Take action and get answers to frequently asked questions about payment holds by logging into your account.
